# BLACK LIVES MATTER!

Before I start talking about celebrity gossip, which in the grand scheme of things is the least important thing we should be talking about, I have to reiterate that **Black Lives Matter**, and the police officers who murdered George Floyd, Breonna Taylor, Tony Mcdade, and all other black individuals just living their lives should be brought to justice!!! I know so many of you guys are doing everything you can to help but in case you need any direction click **HERE!** I also want to say that if you would rather spend your time listening to podcasts, watching movies, or reading books about the BLM movement, black history, or the institutionalized racism that is plaguing this country I am ALL FOR IT and in fact encourage it. I am here writing this newsletter because I need to numb my brain for a few minutes and feel happy, so if reading this does that for you please proceed!

# KYLIE JENNER'S INCOMING CEO STEPS DOWN

Idk if this is karma or nawt but Kylies Cosmetics new CEO has stepped down after only 6 months.. This is all after Forbes casually announced that she isn't a billionaire anymore lmao. Remember when just two years ago they put her on the cover of Forbes magazine for being youngest "self-made" billionaire and everyone was like sElf-mAde biLLioNaire ?????? Seems to me like she may have filed false information to exaggerate the success of her cosmetics company after examining evidence from Kardashian family accountants.... Forbes claims that accountant reports suggest Kylie Cosmetics jumped in value from zero to \$300M in the space of a year, leading the magazine to grow suspicious. So yeah, something is obvs sus out here and I am enjoying it.

# LEA MICHELLE IS A SNAKE AND I ALWAYS KNEW

Okay we all know ever since Lea Michelle starred on Glee that she has been known to be a major BIATCH , but now she's been outed as a racist and a Major BIATCH and thats the tea people . Apparently "Lea was a bitch to a lot of people who are now taking the opportunity to come forward," said one industry source who has worked with her. On Monday Glee co-star Samantha Ware, tweeted of Michele: "Remember when you made my first television gig a living hell?!?! Cause I'll never forget. I believe you told everyone that if you had the opportunity you would 'shit in my wig! " This all came to light after Lea used social media to lend support to the Black Lives Matter movement in the wake of George Floyd's death and all her old co-stars decided to expose her ass. Not that I want to contribute to cancel culture but I vote she be cancelled effective immediately for having a punchable face. If you want to read more click [HERE.](#)

# BEN IS BACK AND HE'S HAVING A MID LIFE CRISIS

If you all didn't know about Benana aka Ben Affleck and Ana de Armas now you know. They started dating a few months ago and now he's had a mysterious glow up. Sources say he's now dyeing his hair and getting fillers and well he's dressing like he's 30 again <3. I'm not saying i'm mad about this sudden transformation... I mean we all remember the Ben Affleck meme where he looks all sad and smoking a cig. It's def a step up from that. I guess I just don't stan this relationship and I i've always thought Ben was sus ever since he cheated on Jennifer Gardner with his housekeeper and ruined her life.Idk what i'm saying here anymore lets move on.

How everyone feels after spending 48 hours with family

emrata Couldn't have said it better. What is wrong with people? Feel so useless too 🙄

danielleprescod @emrata i actually have an idea. you could start by talking to your husband, a white man, who has used the n-word repeatedly in my presence. so much so that another Black friend was so disgusted that she left the party. another Black woman had the same exact experience. i know you probably have never seen this behavior as he probably performs perfectly in your presence since literally how could he do better, but i promise you it's true. i would like you to address the issues in your home and then you can help us out here. i would like you you to ask him what he can do differently. i know you are not in control of other people, but if you want to do something, you can start with that. i mean this with the utmost sincerity. it was hurtful and abusive.

# EMRATAS HUSBAND STAYS BEING SUS AF

Emratas husband Sebastian Bear-McClard, who is reportedly worth around \$12 million, was in the news last year after people found out that he doesn't pay his rent and is apparently a nightmare neighbor who blasts music at odd hours of the night. I also think that he is involved in sus business shit but we will discuss that another time. For now lets talk about how a BET writer named Danielle Prescod exposed him after Emrata posted about "feeling useless" in these spooky times. He has since apologized for his behavior on Twitter, saying, "I used a word casually like it was mine to use. It's not, it never was, and never will be. In the past few years I've learned a lot about my privilege as a man and as a white person and about the history of racism in this country. Owning our mistakes is a crucial part of changing the way the world operates. I'm embarrassed and ashamed and I sincerely apologize to everyone who I may have hurt."

You can all read the tea word for word in the pic on the left.

## TOP 2 SONG PICKS

**OVERNIGHT**  
PARCELS

Here are the two songs I listened to the most this week! Overnight by the Parcels makes me feel like i'm living in the 70's and i'm rollerblading at a roller rink with a hot man who has a very thick moustache. Purity has always been a favorite of mine but has resurfaced in my life because I like to scream the lyrics "i've been fucking busy , i've been busy fucking" to pretend I have a life. Enjoy!

**PURITY (FT. FRANK OCEAN)**  
ASAP ROCKY
