## SPOOKY SEASON

So clearly the month of September is cancelled. Amidst looking for a job and panicking about the state of our country I put celeb goss on the back-burner. Lucky for you September was filled with very tepid goss that mostly consisted of divorces , baby news, and the cancellation of Keeping Up With the Kardashians. I know there are some of you out there that rely on these newsletters to get pop culture news because you either A.) Live under a rock B.) Care about more important things like reading books and having a job, or C.) Don't have the time to use social media. Since it is "my job" to fill you in, I will give you a short recap on what happened while I was gone. \* cue intro music\*

## LILY JAMES & DOMINIC WEST

A few days ago paparazzi caught Lily James, of Mamma Mia/Baby Driver/Cinderella fame, smooching Dominic West, an actor who ironically stars on The Affair. They were both pictured canoodling in Rome at lunch with their shared agent. Usually this would not be a big deal, but Dominic West happens to be "happily married" for 10 years and has 4 children with his wife Catherine FitzGerald. Sources close to Catherine stated that she was absolutely shocked and upset after seeing the pap pics. The most peculiar part of this story is that the next day Dominic and Catherine confronted the paparazzi outside their home.

They wrote a note that read " Our marriage is strong and we are very much still together" and the note had both of their signatures at the bottom. Usually when there is a Hollywood cheating scandal, a PR publicist will handle the situation directly , and rarely do the actual celebrities address the public on their own. There is clearly more to this story and I find it hilariously ironic that West stars in a show based on this exact kind of situation... Seems like he's learned a thing or two.

## SAVAGE FENTY SHOW

Just wanted to let everyone know that if you haven't streamed Rihannas Savage x Fenty Vol. 2 fashion show on Amazon Prime , you are missing out big time. It is beautifully choreographed by the iconic Parris Goebel and stars everyone from Paris Hilton, to Lizzo, to Shea Coulee. The music and the performances are unreal and the lingerie is even better. Go watch asap people!

## ADDISON AND KOURTNEY

So many people are wondering how 20 year old Addison Rae has become best friends with Kourtney Kardashian who is legit twice her age. The unlikely pair met through famous YouTuber David Dobrik and instantly hit it off. Addison stated " I met Kourtney through a friend, through David," during an appearance on the Tom Ward Show. "We surprised Mason because Mason liked my videos on TikTok." After that they started traveling together, hanging out regularly, and filming youtube videos together. Idk if this relationship is for publicity or what Kourtney is necessarily getting out of it , but only time will tell ☐.

## DAVID FOSTER IS A BABY DADDY AGAIN

I don't even want to waste my time discussing this , but David Foster is having ANOTHER kid with ANOTHER woman, Katherine McPhee. Some may know David from his Real Housewives days/ his marriage to Yolanda Hadid or from the music world, but I know him as the man who has fathered 5 children ( 6 soon) and 5 step children who are all THEMS. Some of his children include Sara and Erin Foster and some of his stepchildren include Bella & Gigi Hadid and Brandon and Brody Jenner.

## BELLA HADIDS NEW-ISH? MAN

Bella Hadid is rumored to be dating Jack Nicholson's grandson, Duke Nicholson. An LA insider claimed that the pair had been spending time together since at least late last month, when Nicholson saw Hadid on a trip to New York. In 2019, Nicholson had a role in Jordan Peele's horror film "Us" and appeared alongside Lana Del Rey on the cover of her Grammy-nominated album "Norman F--king Rockwell!". <3

## NEW ARIANA ALBUM COMING OUR WAY?

Rumor has it Ariana Grande will be releasing a new album by the end of October. The singer tweeted earlier this week stating "i can't wait to give u my album this month,". So if you are a "Arianator" aka an Ariana stan keep your eyes peeled!

## TOP 2 SONG PICKS OF THE WEEK

Here are the two songs I listened to the most this week! Both of these songs are covers that are as good if not better than the og bops. Yah/ Element is an alternative medley cover of two Kendrick Lamar songs off his DAMN album. Optimal song listen location would be the shower, you wont regret it. GJWHF is obvs a Cyndi Lauper cover that I discovered this past weekend after I binged season 3 of my fave Italian drama BABY.
