HAPPY THURSDAYS PEEPS!

Picture this, your girl (me) is walking out of her dorm on a late Friday evening in her pajamas. She of course is sweating because it feels like a Sauna and she has her air pods in jamming to the Jobros.... when she suddenly stumbles upon no other than THE GIGI HADID and Heron Preston. She stops at the corner ,waiting to cross the street, and decides to word vomit something to her about her outfit. She blacks out during the entire interaction of probably 30 seconds, fist pumps her, and stumbles into the subway in a panic. She is the most beautiful human I have ever laid eyes on. FIN.

IF YOU DONT WATCH EUPHORIA DONT TALK TO ME.

Euphoria doesn't deserve us, this cinematographic masterpiece does not d e s e r v e US. If you have not started this show yet I HIGHLY recommend it. The music, makeup, outfits and acting is unreal. Its overly dramatic yet so relatable and real. When Rue watched 22 straight hours of Love Island,,,,, I FELT that. I don't want to say any more because I don't want to spoil anything, but the show was very dark at first and I found myself not being able to watch it alone , but once I committed I couldn't turn back because it was so good. Pls watch!

COUPLE GOSS

I am here to update you on the latest celeb couple gossip that you didn't ask for.

- First up we have Bella Hadid and The Weeknd. They just broke up almost a year after being back together. They say the reason they broke up was because of distance/ not being able to be together that much.
- Dakota Johnson and Chris Martin were spotted vacationing in the Hamptons last weekend after break up rumors were circling around. Chris' ex, Gwyneth Paltrow, even came along on the trip.... interesting.
- Cole Sprouse and Lili Reinhart bamboozled the press and they have "been together" this whole time even though I think it is all a sham and he hooks up with other people.
- Might as well call this the Hadid's Couple Goss... but anyways, Anwar Hadid is dating Dua Lipa now which I think is a very interesting combo. He always go for the tall and pretty grungy girl who is more low key.
- Last but not least, Gigi Hadid is now "hooking up" with Tyler C... My question is why is she choosing to hookup with a general contractor from Jupiter Florida that has bad teeth?? She can literally get any guy in the entire world. I don't understand, moving on.

KYLIE'S BDAY BASH

Kylie Jenner is having her 22nd bday party in Italy on a yacht that costs \$1.2 million a week to rent. Her family and friends are starting to trickle in little by little and are starting to post pics (classic). The yacht will be traveling along the coast of Italy and some rumors were going around that this was a secret wedding lol. TMZ photographed Kylie boarding her private plane with what looked like a wedding dress. Read more [HERE](#).

JONAS BROTHERS ARE BACK BABY

LADY G & BRADLEY C: THE SAGA

I have the best goss thanks to a few anon sources. Basically you all know there have been rumors that Lady Gaga and Bradley Cooper have the hots for each other. It has been CONFIRMED that they were hooking up while ASTIB was being shot and there are now rumors that they are STILL hooking up. Im still convinced his relationship with Irina was ruined because of this "under the radar" relationship and that it's also the reason Lady Gaga broke off her engagement to Christian Carino. As to why she was photographed hooking up with a random man last week, im unsure :/

Skin
Dijon

Say It
Maggie Rogers

TOP 2 SONG PICKS

Here are the two songs I listened to the most this week! Skin gives me Frank Ocean vibes and is very mellow , and Say It by our KWEEN Maggie Rogers is a banger that makes me want to stand on an elevated surface and dance for hours. Give them a listen and let me know if you like them <3
