## CELEB GOSS IN A LIFE WITH #RONA

I have gots to apologize for not sending these out in a while. Due to the rona virus ruining everybody's lives, including THEM and A listers, the celeb goss has been #bleak. I didn't want to overwhelm everyone with more corona content since that seems to be everyone's only personality lately so I waited to gather some tepid goss to share with all of you. Folks that day has come and I finally have shit to share with allz of youz. Enjoy and hope it's a distraction from this dark vibe we are all in.

## A ZIGI BABY = CAMP

I doubt this is new news to any of you (I would be concerned if you had no idea what I was talking about) but model THEM goddess Gigi Hadid is having a baby with Zayn Malik. This is a big deal for me because I stanned Zayn Malik for a solid 4 years of my life (my directioner days) and he started dating Gigi after her breakup with my first husband Joe Jonas. At first everyone wasn't sure if it was true because TMZ broke the story, but soon after internet twitter stans began to do some sleuthing. They noticed a baby bag at her 25th quarantine bday in Pennsylvania and it was pretty much confirmed. This afternoon Gigi went on Jimmy Fallon and confirmed it herself. Watch the interview [HERE](#). Gigi and Zayn got back together in December after breaking up in January 2019.

# DEMI'S FINSTA DRAMZ

Last week Demi Lovato Finsta leaked and was posted all over the internet. The account is followed by some celebs like Sam Smith and Lauren Jauregui (literally WHO) of 5th Harmony fame. It was filled with juicy Selena Gomez goss. The two stars had been best friends since the Barney days and were known to be a friend power couple for YEARS. They obvs had a huge falling out and have hated each other ever since. Selena stans are known for coming up with fake shit because they hate Demi so people are saying these posts could be a #fakenews . Im going to pretend they are real for the sake of good gossip and because I do truly believe Demi hates Selena and they have BEEF. I highly recommend zooming in and reading all th captions because they are hilarious , fake or real.

# CODY MARTIN JK COLE SPROUSE LMAO

Okay listen up people. Cole Sprouse's relationship with Lili has always been a sham. There are always rumors circulating that he is sleeping with other people and then there is never enough proof for an actual story to break online. I think that when they first started dating Cole was obviously the much more famous one, and while I still think he is currently more famous than Lili, she has a way more promising trajectory than he does, which BUGS him. Anyways, there are rumors he is sleeping with Kaia Gerber after he was spotted hanging with her quarantine squad (tommy dorfman, ashley benson etc. ) There are also photos of her at his house. This is all sus considering Lili and Cole aren't even quarantining together and thats just the first red flag if you ask me.. Like come on at least fake it like Shawn and Camilla. Publicly they are "still together" , but if you ask me this just for publicity and Riverdale spon.

## TOP 2 SONG PICKS

Here are the two songs I listened to the most this week! The first one is a 2016 classic but has recently made its way to my ears and Im not mad about it! Kid Cudi is also hot and it's all I think about when I listen to this song so enjoy. Weakness is from Lennon Stellas new album Three.Two.One. and it features her sister Maisy. They both have angelic voices and it is a great shower song.
