ITS THE END OF JULY KK

Happy almost Friday guys! Still alive but barely breathin if you know what I mean. Hope this week hasn't been too much of a drag especially if you are in NYC where it feels like you are swimming in hot soup, not even the good kinda soup like butternut squash or somethin lmao. Anyways on to the interesting stuff people we have LOTS to discuss no time for chit chat.

FREE MY MANS #FREEFLACO

I don't know about you but i'm really shook that the hottest rapper of all time and my future baby daddy is in JAIL. For those that are out of the loop which probs means more than half of you, A\$AP Rocky was arrested in Sweden a couple of weeks ago for reasons that I still cant wrap my head around. He got in a non physical fight with a couple of guys who were not fans and apparently were harassing a woman on the streets. The way he was arrested is still super unclear but Swedish officials considered him a " fLIght rISk". Hes been in jail for like 3 weeks and you know we really live in a simulation when Kim Kardashian is making calls to Jared Kushner who is telling DONALD TRUMP to free my mans and then Justin Bieber posts about it on twitter. Read more about this sitch [HERE](#). #freeflaco pls I can't deal.

MY TV BINGES OF THE WEEK

I am back on that TV binge baby, its been a while but I am BACK. This week I told myself I was going to start reading a book since I haven't read a book since 2004 but yeah you guessed it I watched like 100 hours of TV instead.

- My first binge was Stranger Things Season 3 which I watched on Monday. How much of it you ask? All of it lol because it was that good. I always feel like it has just enough action to keep me on the edge of my feet but I don't have to have a panz because its like a kids show right? I would also like to mention that Maya Hawke aka Uma Thurmans daughter is so good in it and even though there was clearly some nepotism when it came to her getting the part she was still phenomenal!
- Secondly and lastly (because if watching two seasons of 2 separate TV shows in a single week is not enough idk man) I watched Queer Eye Season 4. Antoni is just as hot and weird as ever and Bobby still does legit ALL of the work. If you are looking for something lighthearted and super cute watch it!

NAOMI "CLEAN ANYTHING THAT YOU COULD POSSIBLY TOUCH" CAMPBELL

Naomi Campbell, supermodel of the WORLD, has a youtube channel called Being Naomi where she recently vlogged her flying routine. The details are just INSANE, but what else do you expect from this Queen. She cleans every surface of the plane with a clorox wipe and has a seat cover that she "hand-washes at every hotel she goes to". She even wears a mask the entire time claiming "This is my protection for people coughing and sneezing.". This video is just one of the most extra things I've ever watched.

RIP BETTY AND CODY MARTIN

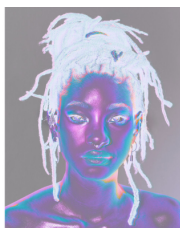

If you haven't heard Lili Reinhart aka Betty from Riverdale and Cole Sprouse aka THE Cody Martin have broken up. Obviously i'm not homies with these two but its been reported that the reason they broke up was because "At the end of the day, their personalities are very different and their lifestyles often clashed.". Um okay , but I have heard through the grapevine that he wasn't exactly faithful during their relationship sooooo that could also be the reason? Read more if you care [HERE](#).
